BANKERS' SESSION BREAKING RECORD

MEXICAN ADVICES CAST DOUBT AS TO CARRANZA'S FATE

While the advices coming through from Mexico on the revolutionary situation are fragmentary and conflicting they cast considerable doubt on the reports that President Carranza has been made a prisoner.

A Vera Cruz dispatch from the newspaper Et-Dictamen, a member of the Associated Press bearing Monday's date, declared the fugifive president of the republic, who was making an effort to reach Vera Cruz, had broken through the revolutionary lines and was standing at bay with 4,000 men at San Marcos, 27 miles north of Puebla.

On the other hand, the revolutionary oleaders along the border are still claiming that Carranza has been made acaptive, naming the place of his capture, as a point near Apizaco, in the state of Hidalgo. These reports, however, gave few details of the capture except to declare that the entire convoy had been taken with the president, but three generals who were with him. Gens, Murguia, Orquizco and Barragan, had been executed and another general wounded.

It was added that Gen. Carranza had

ROTARIANS SHOWN BOYS'

WORK PROGRAM PLAN

At a special meeting of the Rotary

At a special meeting of the Rotary club, called to take place just before luncheon on Tuesday, the boys' work committee submitted its program for the Tuesday evening, June 1, meeting. The program was adopted in every defail. The meeting is to start at 8 p.m. on that day, and it is said that it will be one of the most interesting of the year. Members who attended the special meeting were detailed, one at each table, so as to persuade those who just came in time for the luncheon to attend the June 1 meeting. The program was drafted by 50 members of the boys' work committee.

It would appear, however, even presupposing the accuracy of the reports that Carranza is still at liberty, that the situation he finds himself in, according to the Vera Cruz advices, is precarious. It is announced that government troops in Vera Cruz have deserted their commander, Gen. Candido Aguilar, the governor of the state, and gone over to the revolutionists, making that state apparently no lonegr a safe refuge for the fugitive president.

In addition, revolutionary forces under Gens. Hill and Trevino, were reported closing in on Carranza near San Marcos. Other reports declared that Gen. Aguilar, Carranza's son-in-law, had lost his life in the fighting between loyal forces and revolutionists in Vera Cruz state.

Mexico City dispatches report the situation there as quiet with the troops of Gen. Obregon in full possession. All Mexico, in fact, with the exception of a few localities, notably the states of Yucatan, Campeche and Chiapas, is declared to be in the hands of the revolutionists.

intionists.

The overturn has been effected with little bloodshed, all advices indicate. It is declared in Mexico City that the object of the revolutionists all slong has been to avoid fighting and bring about a peaceful change of government with free elections to be held later. Incidentally it is asserted the revolutionary leaders desired to bring about a change in Mexico's foreign policy, looking to the advancement of friendly relations with other powers.

GRAND JURY IGNORES

PROFITEERING BILL

JACKSON, Miss., May 11.—The federal grand jury, by unanimous vote today, refused to return an indictment against R. E. Kennington, local department store proprietor, against whom charges of profiteering had been deferred by agents of T. J. Locke, fair price commissioner for Mississippi.

The case against Kennington was a resuit of the effort in this state to establish fair price lists as part of the department of justice campaign against the high cost of living.

The defendant sought a restraining order against Commissioner Locke to The defendant sought a restraining order against Commissioner Locke to prevent the case going before the grand tury. In dismissing the petition last Thursday Judge Edwin Holmes, of the federal district court, upheld the constitutionality of the Lever food control act, but at the same time he delivered a charge to the grand jury cautioning it to be guided solely by the law of supply and demand. ımasked Robbers Steal Whisky As Owner Looks On

KANSAS CITY, May 11.-Five unmasked robbers yesterday held up the storerooms of a former salcon here and drove away with two truck loads of whisky, valued at \$20,000.

The proprictor was forced to oper-aic an elevator while the robbers car-ried the whisky from the third floor to the street and placed it in motor trucks. Then he and a clerk were bound and gagged and the men made their escape.

Sheriff Ferry was telephoned immediately and went to the scene in an auto, arrived there within about half an hour after the safe had been blown. Officers are louth to believe that this safe job is the work of the same men who blew the postoffice safe at Normal, Tenn. early Monday, for the Normal job hope all the carmarks of professionals while the Cakville job seems to be the work of amateurs. After the robbery, Sheriff Perry found where soap from the Arnold stock had been cut up, by the robbers which would give evidence that they first attempted to pour the powder into the crevices of the safe door. This plan evidently failed, and they resorted to chiseling the combination off.

Big Trapshooting Tournament Opens

CLARKSDALE, Miss. May 11. (Spl.)

Nothing short of a grand American handicap has seen an assemblage of trapdom sports as is registered for the big three-days' event which opened in Clarksdale this morning. Experts and amateurs from Maine to California and from Toronto, Canada, to the guif are here, each believing he will surpass previous records owing to the wonderful shooting conditions which present themselves in the arrangement and location of the field.

In Mönday's preliminaries the experts and professionals went into a close race with Henderson, of Kentucky, and Hoer, of Kangas, each dropping only two birds of a 190 string. Paul Johnson lomed up as a possible contestant with a crash of 92 as did Mrs. Ad Topperwein, of Texas. Eighty squads were lined up over the 10 traps this morning, but in the face of a strong southwest wind directly over the traps there were no straight runs in the first 100 event. Guy Ward, of illinois, took the lead up to boon with only one dropped into the 97 class among whom was R. E. Stratton, of the locals.

Out of a string of 75 birds the big five, including Henderson, of Kentucky, Wright, of New York, Troch, Arie and Hoer. Arie, led with 72.

Today's event is a 200-string, which will be augmented by a run of doubles this afternoon.

SCOTT SEES DISMAL DAYS IN FUTURE

Official Forecaster Scott of the weather bureau stated Tuesday that Memphis was confronted by a rather dismal outlook in regard to atmospheric conditions. Bain is the predominating feature of the elements, according to observations, with cloudy and unsettled weather for Tuesday tight and Wednesday. According to weather observation, the temperature was normal Tuesday for this time of year, but the general sutriness caused by threatening okies and coming showers seemed to leave the impression that the thermometer had crawled far above the 75 degree mark, although in reality readings Tuesday showed a temperature of only 68 degrees.

According to river building the Mississippi at Memphis will continue falling for an indefinite period, probably pussing below the flood stage Priday or Saturday. The gauge Tuesday showed at 37.5 feet, a decrears of 4 foot since Monday.
